

EMERGYS

An ACCSCIENT Company

Executive Summary

ABOUT FROM INNOVATION FOR AGILE RESULTS

“Transforming Businesses by Digital Enablement”

For two decades, EMERGYS has been helping companies align their long-term IT strategies and business objectives with the right mix of technology, people and processes.

At EMERGYS, Design Thinking is more than our approach to innovation; it is the catalyst that sparks creativity and inspires innovation. Innovation that is essential to creating customer centric solutions that provide business value, that are technically sound, and that meet the needs of each and every end user.

EMERGYS Corporation is uniquely qualified to help client partners drive greater value from their software portfolio. A fully invested SAP Gold Partner, Strategic VAR, Certified CLOUD Partner, Certified Consulting Partner and an SAP (PCOE) Partner Center of Expertise.

EMERGYS Corporation is well positioned to sell, implement and support your SAP investment while assisting you in maximizing your investment through the integration of business systems and development of custom applications.

Strengths & Differentiators

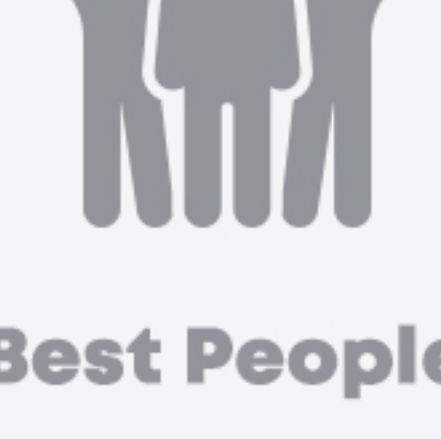

Commitment to Success

Together, we have a mutual goal and mandate for success – the continued success of our partnerships directly affects our reputation in the marketplace. We know if your solutions continue to drive success in differentiating yourself from your competitors, and provide greater value to your stakeholders, we will also be successful. Our brand is tied to your success.

Maximum Value

Driving the value of the services provided requires ongoing care to ensure stable, reliable service to your employees and external customers. As leaders and influencers of our customers and our industry, we believe in “walking the talk.” As a company we are committed to sustainable development, both in the services we provide to our customers and the way in which we provide them. We have proven this with a very simple concept, “Every customer needs personalized attention and support.” To us, personalized attention means just that.

Best People

EMERGYS always strives to provide the right mix of knowledgeable and experienced EMERGYS team members to your project. Their functional and technical skills will add depth to the joint team's work.

Innovation

How people live and work is changing rapidly... Emergys combines technology and innovation with a commitment to exceed customer expectations, we imagine the future state of your business, helping companies reinvent the way they operate and deliver value to their customers.
