EMERGYS

# SAP MANUFACTURING INTEGRATION AND INTELLIGENCE

Connecting Operations.
Powering Real-time Decisions

## THE MANUFACTURING CHALLENGE

- Disconnected shop floor and ERP systems
- Delayed production & operational visibility
- Manual data reconciliation across systems
- Limited real-time decision support

**90%**

of generated manufacturing data is never used for decisions

## SAP MANUFACTURING INTEGRATION & INTELLIGENCE

**20%**

of manufacturers say analytics improves operational performance

- Integrated connectivity across MES, ERP, & OT systems
- Real-time production and performance visibility
- Unified operational and enterprise data view
- Scalable, data-driven decision support

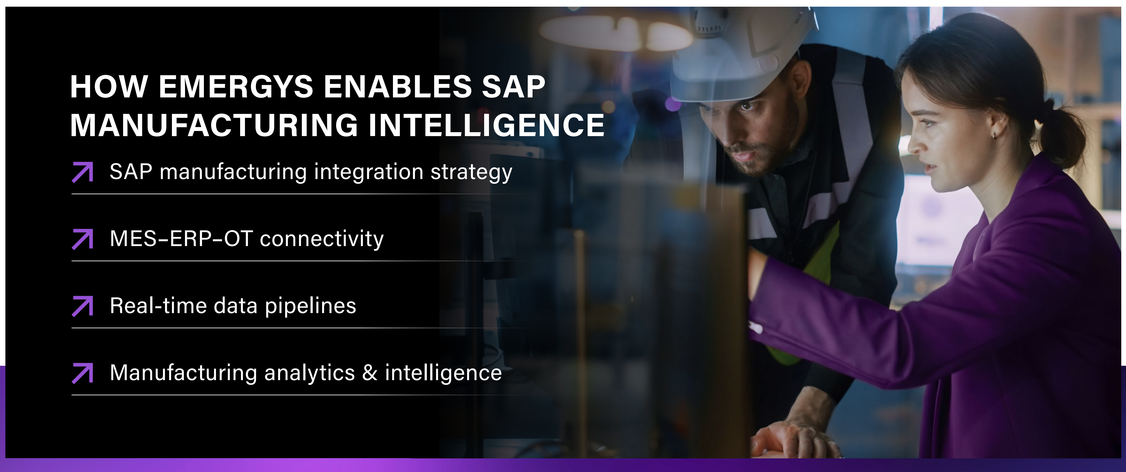
## BUSINESS IMPACT

**FASTER AND SMARTER DECISION-MAKING**
**90%**
Analytics-driven decisions

**HIGHER OPERATIONAL EFFICIENCY**
**50%**
Reduced downtime and delays

**IMPROVED QUALITY & COMPLIANCE**
**30%**
Reduced quality and compliance risks

**FUTURE-READY MANUFACTURING EXCELLENCE**
**80%**
Enterprise-scale AI intelligence



## HOW EMERGYS ENABLES SAP MANUFACTURING INTELLIGENCE

- SAP manufacturing integration strategy
- MES–ERP–OT connectivity
- Real-time data pipelines
- Manufacturing analytics & intelligence

## POWERING THE DIGITAL CORE

Integrated manufacturing intelligence transforms SAP into a real-time decision powerhouse.
